

DISCOVERY DAY CAMP

April 2010

Dear Senior Camp Families,

The Senior Camp program is really exciting this summer! There are 2 major components to the Senior Camp program.

In the first, campers have the opportunity, most weeks, to participate in a group biking trip, outside of camp. The first week of camp the campers will discuss safety and rules of the road. The bikers' skills will be evaluated and campers will be sized on bikes. Please make sure that you give information about your camper's biking ability and size of bike on the Camper Information Form. Please note that Rising Stars, Young Artists, and Explorers will bike only once during the summer.

Families will be sent a note indicating the day of the week their camper bikes. On their biking day, please make sure your camper wears a Discovery Day Camp shirt, brings a well-fitted bike helmet, and a water bottle. Helmets are required for all riders, while we own helmets; a camper's own helmet will fit better and be a safer option.

The second part of Senior Camp is the field trips. Please find the field trip schedule on the next page. Some of the trips require permission forms. Please sign and return the permission slip for the trips when your child will be at camp. Attached please find:

1. Senior Camp field trip schedule
2. Permission form for Pump It Up (1st session)
3. Permission form for Red Coat Farm Stables (1st session)
4. Permission form for the Gymnastics' Spot (2nd session)
5. Permission form for Independence Grove (2nd session)

On Wednesdays and on non field trip Tuesdays, senior campers will sign up for senior choice where they can exercise independent decision making skills and select an activity that they will enjoy.

If your camper is an Explorer for part of the summer, they will not be taking the senior trips during their Explorer session. A letter, permission forms, and calendar for Explorers will be sent next month. We have some exciting ALL- NEW trips in 2010.

Future Leaders will be taking different trips and participating in different activities, also. Please complete the standard forms and permission slips for Independence Grove, and Red Coat Farm. A more detailed description of trips/permission forms will be sent out to Future Leaders with the calendar by the beginning of May.

Please print and complete the forms in this packet and return them by May 15, 2010. The forms are at <http://www.campdiscovery.com/EN-2-forms.html>, if you prefer. We need electronic or handwritten signatures on all permission forms.

Call if you prefer to have us mail you the permission slips.

Thanks,
Ilise, David, and Karen Schwartzwald
