

# DISCOVERY DAY CAMP

## FUTURE LEADERS PROGRAM FOR 7TH AND 8TH GRADERS

### PROGRAM DESCRIPTION

The Future Leaders program, for incoming 7<sup>th</sup> and 8<sup>th</sup> graders is offered for 2, 4, 6, or 8 weeks. The tweens in the program spend 2-3 partial days each week helping at camp. Participants help with a young group, prepare for special events, or assist in a specialist area such as art, swimming, drama, and sports. The rest of these 'helping days' will be spent with their group leader and peers, learning leadership skills, participating in activities, and swimming. Each week a partial day or more will be spent doing service projects such as packing books to send overseas, visiting in a senior citizen facility, or volunteering with underserved youth. The last day or more each week are spent on age appropriate field trips such as: climbing, high ropes course, boating, beach trip, professional ball game, water parks and more. The activities vary each session to allow the campers some different choices. The goal of the program is to give tweens the opportunity to be leaders, participate in service, and have peer experiences. (5 days per week)

### TUITION

Camp Fees 2012	Carpool	Bus Service
