

DISCOVERY DAY CAMP

Dear Parents:

Thanks for considering Discovery Day Camp for your child. Camp is a special place where your child learns new skills, enhances existing ones, and has FUN. Our goals include inspiring each child to make personal discoveries, develop self-confidence, achieve new skills, and obtain a sense of accomplishment in a variety of camp activities. At Discovery we encourage children to make new friends and renew old relationships. Building long-term friendships is a special part of camp. Equally important, Discovery provides a safe, nurturing environment, and parents can have piece of mind knowing that their children will be physically and emotionally safe.

There are age-appropriate programs for all Discovery campers. Activities vary in length of time and frequency based upon the age of the camper and the choices made. Highly qualified specialists are employed to teach swimming, climbing wall, tennis, biking, dance, gymnastics, ropes course, drama, music, arts & crafts, and nature. Discovery's new addition for 2009 was a climbing tower, where campers challenge their climbing and teamwork skills. It was a camp favorite and will continue to be in 2010.

2010 will be our 26th camp season! Discovery's unique special events calendar leads to daily excitement. 2010 will be a *Summer of Seuss* promising exciting special activities celebrating the Dr. Seuss's literature. For more information about our program, check out the calendar tab. The 2010 calendar will be posted in early October.

We invite you to visit camp and learn why DISCOVERY IS THE DIFFERENCE!

Cordially,

Ilise and David Schwartzwald
